

# Florida Feed Association Inc.

## 2019 MEMBERSHIP

**As a Member, you and your company keep our association strong and allow us to represent our industry on important matters that affect each of us daily.**

We are a growing Association, and we want to continue and expand that evolution. We strive to assist members render excellent service to feed product consumers, and to consumers in allied industries. FFAI encourages development of friendly relations between all segments of the feed and related industries, such as manufacturing, transport, packaging, equipment, marketing, insurance and laboratory analysis.

FFAI maintains a legislative committee that is very active with the Department of Agriculture, as well as the legislature. This is one of the most important benefits of membership - and one of our most vital functions. Our committee monitors legislation affecting our industry, initiates beneficial legislation, and works to prevent harmful laws from being enacted. Additionally, we retain legislative legal counsel to advise us in this area, with regular reports received and shared.

### MEMBERSHIP BENEFITS

- Support our Association and its work on behalf of our industry
- Receive all association communications concerning matters of interest to our industry, including all important legislative issues.
- Access "Members Only" information at our website.
- Stay informed about and attend our Annual Meeting & Convention at member rates. This important event is held in July each year.
- Be included in our annual Membership Guide & Directory (published annually in July). You will be included in the membership listing section, as well as having the opportunity to join us as an advertiser.
- Be included at our Online Member Directory available in our Members Only section at our website. All your contact information, your photograph, and any additional information provided are included. Members may contact you directly through our website. Primary contact and additional contacts for your company membership are available. Can be updated at anytime.
- Additionally, our association is a member of the American Feed Industry Association (AFIA). We share information we receive from AFIA with our members and can access their assistance for information and problem solving.

A membership application is enclosed. We hope you will complete today! Should you have questions or need any further information, please contact Association Administrator Cindy Ransbottom as noted below. You may also join or renew online by visiting our website at [floridafeed.com](http://floridafeed.com).

**YOUR SUPPORT IS NEEDED AND APPRECIATED!**
